

## CREATIVE CARNIVAL OF CLOUD CREATURES GRADE PRE-PRIMARY – PRIMARY

What do you see in the clouds? Use your imagination to explore different shapes in the sky.

### WHAT YOU'LL LEARN:

- Encouraging the thought and observation of the world around us enhances the child's sense of wellness and connection to the world.
- Promotes imagination and creativity by observing the shapes and patterns.
- Discussing one's thoughts encourages verbal literacy, descriptive skills, and creation of ideas

### CURRICULUM OUTCOMES:

Learners get chance to engage in pretend and fantasy play which encourages curiosity and creativity

---

### MATERIALS:

- A cloud in the sky
- A blanket or a rug if required
- A pencil
- Crayons & drawing supplies; enough to share
- A piece of paper

**This is an individual, outdoor activity**, it can be done in outdoor spaces of the school, home backyard, nearby park/trails. If you can't go outdoors, then a seat by the window where kids could comfortably sit and relax.

### WHAT TO DO:

- Find a comfortable spot where your students can relax and lie down
- Ask them to look at the sky and the clouds
- Ask them the following questions, pausing long enough for them to think and contribute an answer if they like:
- "What can you see?"
  - "Do you see a face, maybe a unicorn or a fairy tale castle, maybe a dolphin or a fish?"
  - "What do you think clouds are making you think"
  - "Can you make and tell us a story about the things you saw amongst the clouds?"
- When you return to the classroom, provide some paper and crayons, and ask them to draw the creatures they remember seeing in the sky.

### ASSESSMENT:

- Educator can ask the learner about their reflections on pictures and note if learners are able to put their ideas into paper

### EXTENSION:

- Extend the learning by taking home your experience and further investigating what stories clouds and shapes tells you or maybe what tales plants or flowers tells to you?
